Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for safely seating and crimping bullets in cartridge cases. To ensure your safety and the optimal performance of the product, please read this safety instruction guide carefully before use.

General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Keep the product out of the reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Use only compatible bullet types and seaterheads as specified in the manual.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use may result in injury or damage to the product.
 - Ensure that the area is clear of obstructions and distractions while using the product.
- **Avoiding Hazards:**
 - Always wear appropriate safety gear, such as safety glasses and gloves, when using the product.
 - Do not exceed the recommended bullet seating depth.
 - Ensure that the cartridge case is securely held in place during the seating process.
 - Do not use the product if components are damaged or missing.
- **Age Restrictions:**
 - This product is not intended for use by individuals under the age of 18.

Instructions for Installation and Usage

- **Installation:**
 1. Start by ensuring the work area is clean and organized.
 2. Attach the seaterhead securely to the reloading press.
 3. Select the appropriate guide bushing for the bullet you will be using.
 4. Insert the bullet into the cartridge case and place it in the seater.
- **Usage:**
 1. Adjust the seating depth according to your specifications.
 2. If crimping is required, ensure the crimping feature is engaged.
 3. Apply steady pressure to the handle of the reloading press to seat the bullet.
 4. Check the cartridge for proper seating and crimping before proceeding to the next cartridge.
- **Maintenance:**

- Regularly clean the seater and its components to ensure optimal performance.
- Store the product in a dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated recycling centers for proper disposal.

Contact Information for Further Support

For any questions regarding safety or product usage, please refer to the product manual or contact your local retailer for assistance.

Thank you for prioritizing safety while using the Seater with Crimp 7/8. Your careful attention to these guidelines will help ensure a safe and effective reloading experience.
