Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Attributes

# Safety Instruction Guide for Seater with Crimp 7/8 and Seater with Crimp 6.5 Grendel

## Introduction

Thank you for choosing the Seater with Crimp 7/8 and Seater with Crimp 6.5 Grendel. This product is designed to provide a reliable and accurate method for seating bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety guidelines, installation, usage, and disposal.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses, when using this product.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all relevant local laws and regulations regarding the use of reloading equipment.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The product may pose risks such as injury from improper handling or malfunction.
- Ensure that the bullet seating process is performed in a controlled environment to avoid accidents.

### • Avoiding Hazards:

- Always follow the manufacturer's instructions when replacing the seaterhead.
- Do not exceed the recommended loads for the cartridges being seated.
- Ensure that the bullet is properly aligned in the guide bushing before seating.
- Use the crimp feature only when necessary and in accordance with the manufacturer's guidelines.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that inexperienced users are trained in the safe operation of the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the workspace is clean and free of any obstructions.
- Securely attach the Seater with Crimp to the press following the manufacturer's instructions.
- Select the appropriate seaterhead for the bullet being used and install it according to the instructions.
- Verify that all components are tightened and secure before proceeding.

### 2. Usage:

- Prepare the cartridge case by ensuring it is clean and free of debris.
- Insert the bullet into the cartridge case and place it into the guide bushing of the seater.

- Adjust the seating depth according to your specifications.
- If crimping is desired, ensure the crimp feature is engaged before completing the seating process.
- After seating, inspect the cartridge for proper seating and crimping.

### **3. PostUse Care:**

- Clean the product after each use to maintain performance and longevity.
- Store the product in a dry and secure location, away from children and unauthorized users.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the product in regular household waste; instead, follow specific disposal guidelines for reloading equipment.
- If in doubt, contact local waste management authorities for further guidance on safe disposal practices.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8 and Seater with Crimp 6.5 Grendel, please refer to the manufacturer's manual for contact details and further assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to these guidelines.
