

Seater with Crimp 7/8 - Seater with Crimp 7mm Rem Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 7mm Rem Mag

Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 7mm Rem Mag. This product is designed to enhance your reloading experience while ensuring safety and accuracy. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the product is suitable for the intended application.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Store the product in a dry, safe place when not in use.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the Seater with Crimp only for its intended purpose as described in the product specifications.
- Wear appropriate personal protective equipment (PPE), including safety glasses, when using the product.
- Ensure that your workspace is clean and free from clutter to avoid accidents.
- Do not exceed the manufacturer's recommended load specifications.
- Avoid distractions while operating the product to maintain focus and prevent accidents.
- If you notice any unusual sounds or malfunctions during use, stop immediately and inspect the product.

Instructions for Installation and Usage

Installation

1. Select the Appropriate Seater Head:

- Choose a seater head that matches the bullet type you are using to improve concentricity.

2. Attach the Seater Head:

- Unscrew the existing seater head if necessary.
- Align the new seater head with the mounting area and securely fasten it.

3. Set Up the Bullet Seater:

- Attach the bullet seater to your reloading press according to the manufacturer's instructions.
- Ensure that all connections are tight and secure.

Usage

1. Prepare the Cartridge Case:

- Ensure that the cartridge case is clean and free from debris.
- If crimping is desired, adjust the seater to apply the appropriate amount of crimp.

2. Insert the Bullet:

- Place the bullet into the cartridge case, ensuring proper alignment.

3. Seat the Bullet:

- Operate the reloading press to seat the bullet firmly into the cartridge case.
- Monitor the seating depth to ensure it meets your specifications.

4. Inspect the Finished Cartridge:

- Check the completed cartridge for any signs of improper seating or crimping.
- Discard any cartridges that do not meet safety and quality standards.

Disposal Instructions

- Dispose of any defective or damaged products in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or additional support, please refer to the manufacturer's website or contact the designated support channels. Always ensure that you have the product details ready for efficient assistance.

By following these guidelines, you can ensure a safe and effective experience with your Seater with Crimp 7/8 Seater with Crimp 7mm Rem Mag. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
