

Seater with Crimp 7/8 - Seater with Crimp 7mm STW

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8

Introduction

Thank you for choosing the Seater with Crimp 7/8. This product is designed for precision bullet seating in reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information about the product, safety precautions, and proper usage.

General Safety Guidelines

- Ensure that the Seater with Crimp 7/8 is used only for its intended purpose.
- Always follow the manufacturer's instructions for operation and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the Seater with Crimp 7/8.
- Make sure the work area is clean, organized, and welllit to prevent accidents.
- Do not exceed the recommended specifications for the product, including bullet type and cartridge case dimensions.
- Ensure that the seaterhead is securely attached before use to prevent accidents.
- Avoid distractions while operating the product to maintain focus and safety.
- Store the product in a dry, cool place when not in use to prevent deterioration.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Seater with Crimp 7/8.
- Carefully remove the seaterhead from its packaging.
- Attach the seaterhead to the reloading press by following the manufacturer's instructions.
- Confirm that the seaterhead is securely fastened before proceeding.

2. Usage:

- Place the cartridge case in the reloading press.
- Insert the bullet into the cartridge case.
- Engage the press to seat the bullet. Monitor the process to ensure proper alignment.
- If crimping is desired, adjust the settings according to the manufacturer's instructions.
- After seating, inspect the cartridge for proper bullet seating and crimping.

3. Maintenance:

- Clean the seaterhead and surrounding areas regularly to prevent buildup of debris.
- Store the product with care to avoid damage to the seaterhead and other components.

Disposal Instructions

- Dispose of the Seater with Crimp 7/8 in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any questions or further assistance regarding the Seater with Crimp 7/8, please consult the manufacturer's website or contact their customer support team. Always ensure that you have the product details at hand when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with the Seater with Crimp 7/8. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
