

# Seater with Crimp 7/8 - Seater with Crimp 7mm-08 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 7mm08 Rem

## Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 7mm08 Rem. This product is designed to assist you in the precise seating of bullets while offering the option to crimp the cartridge case. To ensure your safety and the best performance of the product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle the product with care and follow the instructions provided.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents immediately to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only compatible bullet types with the Seater to ensure optimal performance.
- Ensure that the seaterhead is securely attached before use to prevent accidents.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Always wear appropriate safety gear, such as safety glasses, while using the product.
- Do not modify or alter the product in any way, as this may lead to unsafe conditions.

## Instructions for Installation and Usage

### 1. Installation of the Seater Head:

- Choose the appropriate seaterhead for the bullet you are using.
- Ensure the seaterhead is clean and free from debris.
- Attach the seaterhead securely to the main body of the seater.

### 2. Seating the Bullet:

- Place the cartridge case in the designated area of the seater.
- Insert the bullet into the cartridge case.
- Gradually lower the seaterhead to seat the bullet firmly in place.

### 3. Crimping the Cartridge Case:

- If crimping is desired, adjust the seater to the crimping position.
- Ensure the cartridge case is properly aligned.
- Apply pressure to crimp the mouth of the cartridge case securely.

### 4. Final Inspection:

- After seating and crimping, inspect the cartridge for any defects.
- Ensure that the bullet is seated to the correct depth and that the crimp is secure.

## **Disposal Instructions**

- Dispose of any unused or damaged cartridges according to local regulations.
- Follow local guidelines for the disposal of metal and plastic components.
- Do not discard the product in regular household waste; check for recycling options.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the Seater with Crimp 7/8 Seater with Crimp 7mm08 Rem, please refer to the manufacturer's contact information provided in the product manual or packaging.

By following these safety instructions, you can help ensure a safe and effective experience with your Seater with Crimp 7/8 Seater with Crimp 7mm08 Rem. Thank you for prioritizing safety and responsible usage.
