

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 5,6x61 S.E.v.H.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 and 5,6x61 S.E.v.H. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the BenchRestSeater.
- Always use the product in accordance with the manufacturer's specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.
- Stay informed about product recalls or safety alerts by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety glasses when using the BenchRestSeater to protect your eyes from debris.
- Ensure that the work area is clean and free from any obstructions.
- Do not exceed the recommended seating pressure, as this may damage the product or cause injury.
- Use the correct seater head for the bullet type to improve concentricity and reduce the risk of accidents.
- Handle all components with care to avoid injury from sharp edges or moving parts.
- Avoid using the product if you are tired, distracted, or under the influence of substances that may impair your judgment.

Instructions for Installation and Usage

1. Installation:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.
- Secure the seater head in place, ensuring it is tightly fastened.

2. Usage:

- Insert the cartridge case into the guide sleeve.
- Carefully position the bullet into the seater head.
- Apply steady pressure to the seater head to seat the bullet into the cartridge case.
- Monitor the seating operation to ensure perfect axial guidance and concentricity.
- Once the bullet is seated, remove the cartridge case from the guide sleeve.

3. PostUsage:

- Clean the BenchRestSeater after each use to maintain its precision and functionality.
- Store the product in a dry, safe place away from children and unauthorized users.

Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations.
- Ensure that any parts that may pose a hazard are properly disposed of to prevent accidents.
- Do not dispose of the product in household waste; check for designated recycling centers or hazardous

waste facilities.

Contact Information for Further Support

For any inquiries regarding safety concerns, product functionality, or spare parts, please refer to the manufacturer's manual or website. It is essential to have access to the proper resources for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your BenchRestSeater!
