

## Bench-Rest-Seater 7/8 - Bench-Rest-Seater 22-250 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 BenchRestSeater 22250 Rem Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 22250 Rem. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance for your shooting needs. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided in this manual.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that the work area is clean and free from obstructions.
- Do not exceed the recommended specifications for the BenchRestSeater.
- Use only compatible bullet types and sizes as specified in the manual.
- Avoid using excessive force during the seating operation to prevent accidents or damage to the product.
- Ensure that the cartridge case is properly aligned with the guide sleeve before beginning the seating process.
- Do not leave the product unattended while in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your work surface is stable and secure.
- Attach the BenchRestSeater to the reloading press according to the manufacturer's guidelines.
- Verify that the seaterhead is securely attached and properly aligned.

### 2. Usage:

- Prepare your cartridge cases and match bullets in accordance with standard reloading practices.
- Insert the cartridge case into the guide sleeve of the BenchRestSeater.
- Place the bullet into the cartridge case, ensuring it is properly seated.
- Slowly and steadily operate the reloading press to seat the bullet.
- Monitor the process to ensure proper alignment and concentricity.
- Once the bullet is seated, remove the completed cartridge carefully.

### 3. Replacement of SeaterHead:

- If necessary, replace the seaterhead by unscrewing the existing head and attaching a new one.
- Ensure that the new seaterhead is compatible with the bullet type you are using.

## **Disposal Instructions**

- Dispose of the BenchRestSeater and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the BenchRestSeater, please refer to the manufacturer's contact details provided in the product packaging or manual.

Thank you for following these safety instructions. Enjoy your reloading experience with the BenchRestSeater 7/8 BenchRestSeater 22250 Rem.
