

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6mm Creedmoor

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 and 6mm Creedmoor Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6mm Creedmoor. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It includes essential safety information, usage precautions, and contact information for further support.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the BenchRestSeater only in a wellventilated area to avoid inhalation of any dust or debris.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Ensure that the work area is clear of obstructions and distractions.
- Do not exceed the recommended operating limits specified in the product manual.
- Handle all components, especially sharp or heavy parts, with care to prevent injury.
- When replacing the seaterhead, ensure that the new head is compatible with the bullet type being used.

Instructions for Installation and Usage

1. Installation

- Ensure that the BenchRestSeater is placed on a stable, flat surface.
- Attach the seaterhead securely according to the instructions provided in the product manual.
- Verify that all components are properly assembled before use.

2. Usage

- Load the cartridge case into the seater.
- Align the bullet with the cartridge case and gently push it into the seating area.
- Use the guide sleeve to ensure perfect axial guidance during the seating operation.
- Monitor the bullet runout and concentricity throughout the process.
- After use, clean the product to maintain its performance and longevity.

Disposal Instructions

- Dispose of the BenchRestSeater and any associated components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling or disposal facility.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or consult with a qualified professional for assistance. Ensure that you have the product details available when seeking support.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your experience with the BenchRestSeater!
