

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6x62 Frères

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6x62 Frères. This product is designed to provide high precision in seating match bullets, ensuring optimal performance and safety. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always follow the safety guidelines to minimize risks associated with the use of this product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the seater can lead to injury or damage.
- Ensure that the seaterhead is securely attached before use.

- **Avoiding Hazards:**

- Always use the BenchRestSeater in a wellventilated area.
- Do not exceed the recommended specifications for bullet types and sizes.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect against accidental injury.

- **AgeSpecific Warnings:**

- This product is not suitable for individuals under the age of 18 without adult supervision.
- Ensure that only trained individuals operate the seater.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that the work surface is stable and free from clutter.
2. Attach the seaterhead securely to the seater body according to the manufacturer's instructions.
3. Verify that the guide sleeve is properly aligned with the cartridge chamber.

- **Usage:**

1. Load the cartridge case into the seater.
2. Place the bullet into the seaterhead.
3. Gently lower the seaterhead until it makes contact with the bullet.
4. Apply steady pressure to seat the bullet into the cartridge case.
5. Check for proper concentricity after seating.
6. If necessary, replace the seaterhead with a different type to improve concentricity based on the bullet used.

- **PostUsage Care:**

- Clean the seater after each use to prevent buildup of debris.
- Store the seater in a dry, secure location when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any inquiries or support regarding the BenchRestSeater, please refer to the manufacturer's website or contact your local distributor. Ensure you have the product details ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your BenchRestSeater. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
