

## Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6mm BR Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6mm BR Norma. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It complies with the EU General Product Safety Regulation (GPSR) to protect your safety and wellbeing.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the BenchRestSeater only in a wellventilated area to avoid inhalation of any harmful substances.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling components.
- Ensure that the seaterhead is securely attached before use to prevent accidents.
- Do not exceed the recommended specifications for bullet types and sizes.
- Be aware of the potential for bullet runout; take necessary precautions to maintain precision.
- Avoid distractions while using the product to ensure full attention and focus.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work surface is clean and stable.
- Attach the BenchRestSeater to your reloading press according to the manufacturer's instructions.
- Select the appropriate seaterhead for the bullet type you are using. Ensure it is securely fastened.

### 2. Usage:

- Place the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Insert the bullet into the cartridge case, ensuring it is positioned correctly.
- Slowly and steadily apply pressure to the seaterhead to seat the bullet.
- Check for proper concentricity after seating. If necessary, adjust the process to improve alignment.
- After use, clean the product according to the maintenance instructions provided in the manual.

## Disposal Instructions

- Dispose of the BenchRestSeater and any components in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact the

manufacturer directly. Ensure to have your product details handy for quicker assistance.

Thank you for prioritizing safety while using the BenchRestSeater. Enjoy your reloading experience with confidence!
