

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6mm PPC-USA

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8 and BenchRestSeater 6mm PPCUSA. This product is designed to provide you with the highest precision in seating match bullets. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and free from distractions.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not modify the BenchRestSeater in any way that could compromise its safety or functionality.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** The BenchRestSeater is designed for precision bullet seating. Improper use may lead to personal injury or damage to the product.
- **Avoiding Hazards:**
 - Always ensure proper alignment of the cartridge case and bullet before operation.
 - Do not force the seating operation; if resistance is felt, stop and inspect the setup.
 - Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
 - Keep hands and other body parts clear of the seating mechanism during operation.
- **Age Restrictions:** This product is intended for use by individuals aged 18 years and older. Ensure that minors do not have access to the product.

Instructions for Installation and Usage

1. Installation:

- Securely mount the BenchRestSeater to a stable work surface.
- Ensure that the seaterhead is properly attached and locked in place.

2. Usage:

- Prepare your cartridge case and bullet.
- Insert the cartridge case into the guide sleeve of the BenchRestSeater.
- Position the bullet in the seating area.
- Gently apply downward pressure on the handle to seat the bullet into the cartridge case.
- Inspect the seated bullet for proper alignment and concentricity before proceeding.

3. Maintenance:

- Clean the BenchRestSeater after each use to remove any debris or residue.
- Store the product in a dry, secure location when not in use.

Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations.
- If the product is no longer usable, consider recycling components where applicable.

- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries or support related to the BenchRestSeater, please refer to the contact information provided in the product manual or packaging. Ensure you have your product details ready when seeking assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for prioritizing safety and precision in your reloading activities.
