

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x54 M-Sch

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to provide you with the highest precision in seating match bullets. It is important to follow safety guidelines to ensure safe and effective use of the product. This guide outlines key safety instructions and operational procedures to help you use the BenchRestSeater safely.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before each use.
- Do not modify or alter the product in any way.
- Use appropriate personal protective equipment (PPE) such as safety glasses when operating the seater.
- Follow local laws and regulations regarding the handling of ammunition components.

## Specific Safety Precautions for Use

- Ensure the area where you are using the BenchRestSeater is wellventilated and free from any flammable materials.
- Always check that the cartridge case is properly aligned in the seater before operation.
- Avoid placing hands or fingers near the bullet seating area during operation to prevent injury.
- Do not exceed the recommended pressure or force when seating bullets.
- Be aware of the risks associated with improper bullet seating, such as bullet runout, which can affect accuracy.
- If you notice any unusual sounds or resistance during operation, stop using the product immediately and inspect it for issues.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Product:** Carefully remove the BenchRestSeater from its packaging and inspect it for any damage.
2. **Select the Appropriate Seater Head:** Choose the correct seater head for the bullet you are using. Refer to the manual for guidance on selecting the right head.
3. **Attach the Seater Head:** Securely attach the selected seater head to the main body of the BenchRestSeater.
4. **Set Up the Work Area:** Position the BenchRestSeater on a stable and flat surface, ensuring it is secure and will not move during use.

### Usage

1. **Prepare the Cartridge Case:** Ensure the cartridge case is clean and free from debris.
2. **Load the Cartridge Case:** Insert the cartridge case into the seating chamber of the BenchRestSeater.
3. **Insert the Bullet:** Place the bullet into the cartridge case, ensuring it is properly aligned.
4. **Seating the Bullet:** Gently lower the seater head onto the bullet and apply even pressure until the bullet is seated to the desired depth.
5. **Inspect the Result:** Remove the cartridge case and check for proper bullet seating and concentricity.
6. **Repeat as Necessary:** Continue the process for additional cartridges, ensuring to check each one for quality.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not discard the product in regular household waste. Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided in the product manual or packaging.

By following these safety instructions, you can ensure the safe and effective use of the BenchRestSeater 7/8. Always prioritize safety and compliance with local regulations while using this product.
