

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x64

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6.5x64. This product is designed to provide you with the highest precision when seating match bullets. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe operation.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards when using the BenchRestSeater, including:
  - Pinching hazards from moving parts.
  - Risk of injury from improper handling of bullets.
  - Risk of misalignment leading to inaccurate seating.

- **Proper Handling:**

- Always handle bullets and cartridges with care.
- Use protective gear, such as safety glasses, when operating the seater.
- Avoid wearing loose clothing or jewelry that could get caught in the machinery.

- **Work Environment:**

- Use the BenchRestSeater in a welllit and clutterfree area.
- Ensure that the workspace is stable and secure to prevent accidents.

- **Age Restrictions:**

- This product is not intended for use by individuals under the age of 18. Always supervise younger users.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the BenchRestSeater is placed on a stable surface.
- Confirm that the threading matches your reloading equipment (7/8 thread).
- Secure the seater in place to prevent movement during use.

### 2. Usage:

- **Loading the Cartridge:**

- Carefully insert the cartridge case into the guide sleeve.
- Ensure that the cartridge is seated properly for optimal axial guidance.

- **Seating the Bullet:**
  - Place the bullet into the cartridge case.
  - Slowly lower the seaterhead onto the bullet.
  - Apply steady and even pressure to seat the bullet fully.
  - Check for concentricity after seating to ensure accuracy.

### 3. Maintenance:

- Regularly inspect the seaterhead for signs of wear.
- Replace the seaterhead as needed to maintain precision.
- Clean the BenchRestSeater after use to prevent buildup of debris.

## Disposal Instructions

- Dispose of the BenchRestSeater and any components in accordance with local regulations.
- Do not dispose of bullets or cartridges in regular waste. Follow specific hazardous waste disposal guidelines for ammunition.

## Contact Information for Further Support

For any questions, concerns, or additional support regarding the BenchRestSeater, please refer to the manufacturer's website or contact your local distributor.

By following these guidelines, you can ensure safe and effective use of the BenchRestSeater. Thank you for prioritizing safety in your reloading practices.
