

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x64 Brenneke

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6.5x64 Brenneke. This product is designed to provide the highest precision in seating match bullets. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the BenchRestSeater according to the manufacturer's instructions.
- Ensure the workspace is clean and free from clutter to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Ensure that the seaterhead is securely attached before beginning the seating process.
- Use only compatible bullet types with the seaterhead to prevent accidents and ensure precision.
- Be cautious when handling cartridges and bullets to avoid injury.
- Do not exceed the recommended pressure limits when seating bullets.
- Avoid distractions while using the product to maintain focus and safety.

Instructions for Installation and Usage

1. Installation:

- Carefully unpack the BenchRestSeater and inspect all components.
- Choose the correct seaterhead based on the bullet type you will be using.
- Attach the seaterhead by following these steps:
 - Align the seaterhead with the designated slot on the BenchRestSeater.
 - Securely fasten the seaterhead in place according to the manufacturer's instructions.

2. Usage:

- Place the cartridge case into the seating chamber of the BenchRestSeater.
- Ensure that the cartridge case is properly aligned for optimal axial guidance.
- Insert the bullet into the cartridge case while ensuring it is properly seated.
- Slowly and steadily apply pressure to the seaterhead to seat the bullet.
- After seating, check for concentricity and adjust if necessary.

3. PostUsage:

- Clean the BenchRestSeater after each use to maintain its performance.
- Store the product in a dry and safe location, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If the BenchRestSeater is no longer functional, dispose of it in accordance with local regulations regarding electronic waste and materials.

- Ensure that any remaining bullets or cartridges are disposed of safely and in compliance with local laws.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact the manufacturer's customer support. It is important to address any safety inquiries or reports of unsafe conditions through the proper channels.

Thank you for prioritizing safety while using the BenchRestSeater. Your adherence to these guidelines helps ensure a safe and effective experience.
