

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x68

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6.5x68. This product is designed to enhance your precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

## General Safety Guidelines

- Always handle the BenchRestSeater with care to avoid injury.
- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only the recommended seaterheads for your specific bullets to maintain concentricity.
- Ensure that the cartridge case is properly aligned with the guide sleeve during the seating operation.
- Do not exceed the maximum seating pressure to avoid damaging the bullet or the cartridge case.
- Always wear protective eyewear when using the BenchRestSeater to protect your eyes from potential debris.
- Avoid using the product in wet or damp conditions to prevent electrical hazards if applicable.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your workspace is clean and welllit.
- Check that the BenchRestSeater is securely mounted on a stable surface.
- Select the appropriate seaterhead based on the bullet type you are using.
- Attach the seaterhead to the BenchRestSeater according to the manufacturer's instructions.

### 2. Usage:

- Place a cartridge case in the guide sleeve of the BenchRestSeater.
- Align the bullet with the cartridge case and ensure it is seated properly.
- Apply steady pressure to the seating mechanism without exceeding the recommended limits.
- After seating, inspect the cartridge for proper alignment and concentricity.
- Store the BenchRestSeater in a dry place when not in use.

## Disposal Instructions

- Dispose of any damaged or worn parts of the BenchRestSeater in accordance with local regulations.
- Check for any specific disposal instructions provided by the manufacturer.
- Ensure that all components are disposed of in an environmentally friendly manner.

## Contact Information for Further Support

For any inquiries regarding safety or usage of the BenchRestSeater, please refer to the manufacturer's contact information provided in the product manual. Always ensure to follow the EU regulations regarding product

safety and consumer protection.

Thank you for prioritizing safety and precision in your reloading practices. Enjoy your experience with the BenchRestSeater!
