

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5 Grendel

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and 6.5 Grendel. This product is designed to help you achieve the highest precision in seating match bullets. It is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe and effective use.

## General Safety Guidelines

- Always read the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Do not exceed the recommended specifications for use.
- Always use the product in a wellventilated area.
- Ensure that the workspace is clean and free of obstructions.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the BenchRestSeater.
- Handle all ammunition with care to avoid accidental discharge.
- Ensure that the seaterhead is securely attached before use.
- Use only the recommended types of seaterheads for your specific bullet type.
- Do not modify the product in any way, as this may compromise safety.
- Always follow the manufacturer's guidelines for bullet seating.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the work surface is stable and level.
- Attach the BenchRestSeater to your reloading bench using the appropriate hardware.
- Select the correct seaterhead for your bullet type and attach it securely to the seater.

### 2. Usage

- Prepare your cartridge cases and bullets according to standard reloading practices.
- Insert the cartridge case into the guide sleeve of the BenchRestSeater.
- Place the bullet into the seaterhead.
- Slowly and steadily push down on the handle to seat the bullet.
- Check for proper seating depth and concentricity after each operation.
- If you notice any issues, stop using the product and consult the manual for troubleshooting.

## Disposal Instructions

- Dispose of the product and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the manual for detailed instructions and support. If you require further assistance, please reach out to the manufacturer or your local retailer.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for your attention to safety and for using our product responsibly.
