

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7mm-08 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 BenchRestSeater 7mm08 Rem Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 7mm08 Rem. This product is designed for high precision in seating match bullets, ensuring optimal performance. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the product if any parts are damaged or missing.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Always use the correct seater head for the bullet being used to ensure better concentricity.
- Ensure that the cartridge case is clean and free from obstructions before seating the bullet.
- Do not exceed the recommended pressure limits for the cartridges being used.
- Always handle ammunition with care and store it in a secure location.
- Avoid distractions while using the BenchRestSeater to maintain focus and precision.
- If you experience any difficulties during the seating process, stop and review the instructions before proceeding.

## Instructions for Installation and Usage

### 1. Setup:

- Place the BenchRestSeater on a stable and secure surface.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.

### 2. Selecting the Seater Head:

- Choose the appropriate seater head for the bullet you are using.
- Ensure that the seater head is securely attached before use.

### 3. Seating the Bullet:

- Insert the cartridge case into the guide sleeve.
- Carefully place the bullet into the cartridge case.
- Apply even pressure to the seater handle to seat the bullet.
- Check for proper seating depth and concentricity after the operation.

### 4. PostUse:

- Clean the BenchRestSeater after each use to maintain its performance.
- Store the product in a safe place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Recycle materials whenever possible to minimize environmental impact.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's manual or visit the official website.

Thank you for your attention to these safety guidelines. Your safety is our priority.
