

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7,5x55 Suisse

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed for precision seating of match bullets, ensuring optimal performance for your shooting needs. It is essential to follow these safety guidelines to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that the BenchRestSeater is used in a wellventilated area to avoid inhalation of any dust particles.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than intended.
- Regularly inspect the BenchRestSeater for any signs of damage or wear before each use.

Specific Safety Precautions for Use

• Handling of Components:

- Handle the seaterhead and other components with care to avoid injury.
- Use appropriate tools when changing the seaterhead to prevent accidents.

• Bullet Seating:

- Always ensure that the cartridge case is properly aligned in the seating operation to prevent misfires.
- Avoid excessive force during bullet seating to prevent damage to the bullet or equipment.

• Storage:

- Store the BenchRestSeater in a dry place away from direct sunlight.
- Ensure that all components are securely stored to prevent accidental damage or injury.

• Personal Protective Equipment (PPE):

- It is recommended to wear safety glasses when using the BenchRestSeater to protect your eyes from debris.

Instructions for Installation and Usage

1. Installation:

- Ensure that the BenchRestSeater is placed on a stable and level surface.
- Securely attach the product to your reloading bench using appropriate fasteners.
- Choose the correct seaterhead based on the bullet type you will be using.

2. Usage:

- Insert the cartridge case into the guide sleeve, ensuring it is properly seated.
- Carefully place the bullet into the cartridge case.
- Gently lower the seaterhead to seat the bullet, ensuring that it is aligned correctly.
- Check for concentricity after seating to ensure optimal performance.
- If necessary, adjust the seaterhead and repeat the process for improved results.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided in the product manual or packaging. It is important to have a reliable point of contact for any safety concerns.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Always prioritize safety and adhere to the guidelines outlined in this document to maximize your enjoyment and performance with the product. Thank you for your attention to these important safety measures.
