

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7,5x55 K31

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed for precision seating of match bullets and ensuring optimal bullet runout. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the BenchRestSeater before each use for any signs of damage or wear.
- Do not attempt to modify or repair the product yourself.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the correct seater head for the specific bullet type to improve concentricity and safety.
- Always wear appropriate safety gear, such as eye protection, when using this product.
- Ensure that your workspace is clean and free from clutter to avoid accidents.
- Do not exceed the recommended load limits specified in the product manual.
- Avoid distractions while operating the BenchRestSeater to maintain focus and precision.

Instructions for Installation and Usage

1. Installation

- Carefully unpack the BenchRestSeater and all included components.
- Select the appropriate seater head based on the bullet type you will be using.
- Attach the chosen seater head securely to the seater body.
- Ensure all components are tightly fitted before use.

2. Usage

- Place the cartridge case in the seating position.
- Align the bullet with the cartridge case.
- Gently lower the seater head onto the bullet to initiate the seating process.
- Apply consistent and controlled pressure to seat the bullet properly.
- After seating, inspect the cartridge for proper alignment and concentricity.
- Store the BenchRestSeater in a dry, safe place when not in use.

Disposal Instructions

- Dispose of the BenchRestSeater and any accessories in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check for any specific disposal guidelines provided by the manufacturer.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. Your adherence to these instructions will help ensure a safe and effective experience with the BenchRestSeater 7/8.
