

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 300 H&H Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 BenchRestSeater 300 H&H Mag Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 300 H&H Mag. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance and safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware that improper use of the BenchRestSeater can lead to personal injury or damage to the product.
- **Bullet Runout:** Ensure that the bullet is seated correctly to avoid issues with bullet runout, which can affect accuracy.
- **Axial Guidance:** Always ensure that the cartridge case is properly aligned with the guide sleeve to achieve perfect axial guidance.
- **SeaterHead Replacement:** Only use the recommended seaterheads for your specific bullet type to improve concentricity and safety.
- **Work Area:** Use the product in a welllit and clean workspace to minimize distractions and hazards.

Instructions for Installation and Usage

1. Installation:

- Ensure the BenchRestSeater is securely mounted to a stable surface.
- Check that the guide sleeve is properly fitted and aligned with the cartridge case.
- Select the appropriate seaterhead for the bullet being used and attach it securely.

2. Usage:

- Carefully insert the cartridge case into the guide sleeve.
- Place the bullet into the seaterhead, ensuring it is seated properly.
- Apply even pressure to the seaterhead to ensure the bullet is seated correctly in the cartridge case.
- Check the concentricity of the bullet after seating to ensure optimal performance.

3. PostUsage:

- After use, clean the BenchRestSeater to remove any debris or residue.
- Store the product in a safe and dry location, out of reach of children.

Disposal Instructions

- Dispose of any damaged or worn components of the BenchRestSeater in accordance with local regulations.
- If the product is no longer needed, consider recycling it if possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater 7/8 BenchRestSeater 300 H&H Mag, please refer to the manufacturer's manual or contact the manufacturer directly for assistance.

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater. Thank you for prioritizing safety in your reloading practices.
