

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 375 Ruger

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 for your precision bullet seating needs. This product is designed to help you achieve the highest level of accuracy when seating match bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.

Specific Safety Precautions for Use

- Ensure that the work area is clean, dry, and welllit before using the BenchRestSeater.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, when using this product.
- Use only the recommended seaterheads that are compatible with the BenchRestSeater to ensure proper functionality and safety.
- Avoid placing hands or fingers near moving parts during operation to prevent injury.
- Be cautious of potential pinching hazards when adjusting or replacing the seaterhead.

Instructions for Installation and Usage

1. Installation of the BenchRestSeater:

- Secure the BenchRestSeater in a stable position on your reloading bench.
- Ensure that the device is properly aligned with the reloading press.

2. Setting Up the SeaterHead:

- Select the appropriate seaterhead for the bullet you are using.
- Remove the existing seaterhead by unscrewing it from the seater body.
- Install the new seaterhead by screwing it into place until it is secure.

3. Seating Bullets:

- Insert the cartridge case into the BenchRestSeater.
- Align the bullet with the cartridge case and gently lower it into the case.
- Apply even pressure to the seaterhead to seat the bullet fully into the cartridge case.
- Check for proper seating depth and concentricity after each bullet is seated.

4. PostUse Care:

- Clean the BenchRestSeater after each use to remove any debris or residue.
- Store the product in a dry, safe location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable components of the BenchRestSeater in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's manual or contact the manufacturer's customer service for assistance. Ensure you have the product details ready for any inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Always prioritize safety and adhere to the guidelines provided for the best results.
