

# Full Length Die 1 1/4 - Full Length Die 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 1 1/4 for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure your experience is safe and effective. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure safe use of the Full Length Die by following these guidelines:
  - Always wear appropriate safety gear, including eye protection, when using the die.
  - Keep the work area clean and welllit to prevent accidents.
  - Store the die in a safe place, out of reach of children and pets.
  - Regularly inspect the die for any signs of wear or damage before each use.
  - Do not use the die for purposes other than those specified in this guide.

## Specific Safety Precautions for Use

- When using the Full Length Die, please observe the following precautions:
  - Ensure the die is securely installed in the press before use.
  - Do not exceed the recommended pressure limits when resizing cartridges.
  - Always follow the manufacturer's guidelines for cartridge specifications.
  - Be cautious when handling resized cases, as they may have sharp edges.
  - Do not attempt to modify the die or its components.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is compatible with the Full Length Die 1 1/4.
- Loosen the lock nut on the die and insert it into the press.
- Adjust the die to the desired position and tighten the lock nut securely.
- Insert the cartridge case into the die, ensuring it is seated properly.

### 2. Usage

- With the cartridge case in place, operate the press to resize the case.
- The neck of the case will be calibrated from the inside as it is moved out of the die.
- Monitor the resizing process closely, and stop if you encounter any resistance.
- After resizing, remove the cartridge case and inspect it for any defects.

### 3. Maintenance

- Clean the die regularly to prevent buildup of debris or residue.
- If necessary, replace the expander or ejector pin with minimal effort.
- Refer to the manual for detailed instructions on replacing components.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

## Contact Information for Further Support

- For any questions or concerns regarding the Full Length Die 1 1/4, please refer to the manufacturer's manual for assistance.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and efficient experience with the Full Length Die 1 1/4. Always prioritize safety and compliance with the EU General Product Safety Regulation to protect yourself and others. Thank you for your attention to these important details. Happy reloading!
