

# Full Length Die 1 1/4 - Full Length Die 5,6x61 S.E.v.H.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die Safety Instructions

## Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 5,6x61 S.E.v.H. This product is designed for resizing cartridge cases to ensure safe and effective reloading. It is important to follow the safety guidelines and instructions provided in this manual to ensure optimal performance and user safety.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the die is used in accordance with the manufacturer's specifications.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of damage or wear. Do not use if damaged.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Ensure that your workspace is clean and organized to prevent accidents.
- Be aware of your surroundings and avoid distractions while using this product.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure the die is securely mounted in the press before use.
- Do not exceed the recommended load specifications for the cartridge cases being resized.
- Use only compatible cartridge cases with this die to avoid malfunctions.
- When using the expander and ejector pin, ensure they are correctly installed to prevent injury.
- Do not attempt to modify or alter the die in any way, as this may compromise safety and performance.
- Always follow the calibration instructions to achieve the correct neck tension for the cartridge case.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Securely mount the die in your reloading press using the provided lock nut.
- Ensure that the die is aligned properly with the press for optimal performance.

### 2. Calibrating the Die:

- Insert the cartridge case into the die.
- Push the cartridge case fully into the die to calibrate the neck from the inside.
- Remove the cartridge case after calibration is complete.

### 3. Using the Expander and Ejector Pin:

- If needed, install the removable expander and primer ejector pin.
- Ensure they are properly seated to avoid any operational issues.

### 4. Replacing Components:

- If the expander or ejector pin shows signs of wear, replace them promptly.
- Refer to the product manual for specific part numbers for easy reordering.

### 5. PostUsage Care:

- Clean the die after each use to prevent residue buildup.
- Store the die in a cool, dry place when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials whenever possible to reduce environmental impact.
- Do not dispose of the die in regular household waste; check for designated disposal facilities.

## **Contact Information for Further Support**

For further assistance regarding the Full Length Die 1 1/4 Full Length Die 5,6x61 S.E.v.H., please refer to the product manual or contact the manufacturer's customer support. Ensure you have the product's article number ready for any inquiries related to components or accessories.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety, and enjoy using your Full Length Die!
