

Full Length Die 1 1/4 - Full Length Die 224 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 224 Wea Mag Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 224 Wea Mag. This product is designed for safe and effective resizing of cartridge cases. Please read this safety instruction guide carefully to ensure proper use and to maximize your safety while using this product.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose: resizing cartridge cases.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses when using the die.
- Keep the workspace clean and free of any unnecessary items to prevent accidents.
- Ensure that the die is installed correctly in the press before use.
- Do not modify the die or use it for any other purpose than intended.
- Always handle the die with care to avoid injury.

Specific Safety Precautions for Use

- Before using the die, inspect it for any signs of damage or wear. Do not use a damaged die.
- Do not exceed the recommended press specifications when using the die.
- Ensure that the cartridge case is properly aligned in the die before applying force.
- Do not attempt to adjust the die while it is in use.
- Keep hands and other body parts away from moving parts during operation.
- Store the die in a safe and dry location when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that the press is turned off and unplugged before installation.
- Remove any existing die from the press.
- Insert the Full Length Die into the press and secure it using the lock nut.
- Adjust the die to the desired position for resizing.

2. Usage:

- Prepare the cartridge case by cleaning it and ensuring it is free of debris.
- Insert the cartridge case into the die.
- Apply force using the press to resize the cartridge case.
- Once the resizing is complete, carefully remove the cartridge case from the die.
- Inspect the resized case for proper neck tension and dimensions.

Disposal Instructions

- Dispose of any damaged or worn components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 224 Wea Mag, please refer to your local distributor or manufacturer contact for further assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Full Length Die 1 1/4 Full Length Die 224 Wea Mag. Always prioritize safety and consult the manual for additional information on accessories and spare parts. Thank you for your attention to these important safety guidelines.
