

# Full Length Die 1 1/4 - Full Length Die 6,5x50 R Reb

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 1 1/4 Full Length Die 6,5x50 R Reb Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 6,5x50 R Reb. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the die. Please read and understand these instructions before use to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose, which is to size cartridge cases.
- Always use the die in a wellventilated area to avoid inhaling any dust or debris created during use.
- Keep the die and all components out of reach of children and vulnerable individuals.
- Regularly inspect the die and its components for wear and damage. Do not use damaged parts.
- If you experience any issues or accidents during use, report them to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the die.
- Make sure the die is securely mounted in the press before use to prevent it from moving during operation.
- Use the die only with compatible cartridge cases to avoid malfunction or accidents.
- Do not exceed the recommended pressure settings while using the die, as this may lead to dangerous situations.
- Avoid distractions while using the die to maintain focus and ensure safety.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the press is clean and free from debris.
- Securely mount the die in the press using the lock nut to set the correct position.
- Ensure that the expander and ejector pin are correctly installed and functional.

### 2. Usage

- Insert the cartridge case into the die.
- Push the cartridge case into the die to calibrate the neck from the inside.
- Once calibrated, carefully remove the cartridge case from the die.
- Check the neck tension to ensure it meets specifications.
- If necessary, replace any worn components such as the expander or ejector pin with minimal effort.

## Disposal Instructions

- Dispose of the die and any worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management for proper disposal methods.
- If the die is damaged beyond repair, ensure it is disposed of safely to prevent any potential hazards.

## **Contact Information for Further Support**

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 6,5x50 R Reb, please refer to the manual or consult your retailer for assistance. Always keep the product documentation for future reference.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Full Length Die. Thank you for your attention to safety!
