

# Full Length Die 1 1/4 - Full Length Die 6,5x54 M-Sch

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 1 1/4 Full Length Die 6,5x54 MSch Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 6,5x54 MSch. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this guide carefully before using the die to prevent accidents and ensure proper handling.

## General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling the die and during reloading processes.
- Keep the work area clean and organized to avoid accidents.
- Do not use the die for any purpose other than intended.
- Store the die in a dry and safe place, away from children and pets.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of injury from sharp edges or moving parts.
- Risk of misfires or cartridge failures if not used correctly.

### • Avoiding Hazards:

- Always ensure that the die is securely mounted in the reloading press before use.
- Do not attempt to adjust or repair the die while it is in operation.
- Handle cartridges with care to prevent accidental discharge.
- Follow all recommended procedures for resizing and calibrating cartridge cases.

### • Age Specific Warnings:

- This product is intended for use by individuals over the age of 18 who have received proper training in reloading practices.
- Keep the die and all related equipment out of reach of children.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that the reloading press is turned off and unplugged.
2. Securely mount the Full Length Die into the reloading press using the lock nut provided.
3. Make sure the die is aligned properly for optimal functioning.

### • Usage:

1. Insert the cartridge case into the die.
2. Activate the reloading press to push the cartridge case into the die.
3. The neck of the case will be calibrated from the inside as it moves out of the die, ensuring correct

neck tension.

4. If necessary, replace any worn spindles, expanders, or ejector pins with minimal effort.
5. After use, remove the cartridge case and inspect it for any defects.

## Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

## Contact Information for Further Support

If you have any questions or need assistance, please refer to the manual for further instructions and support. Ensure that you have the product's article number for easy reference.

Thank you for your attention to these safety guidelines. Proper use and maintenance of the Full Length Die will ensure a safe and effective reloading experience.
