

Full Length Die 1 1/4 - Full Length Die 6,5x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 6,5x57

Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 6,5x57. This product is designed to help you size cartridge cases safely and effectively. Please read this safety instruction guide carefully to ensure proper use and compliance with safety regulations.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses, when using the die.
- Keep the working area clean and free from clutter to prevent accidents.
- Do not leave the die unattended while in use.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity while operating the die.
- Store the die in a safe location, out of reach of children and pets.
- Regularly inspect the die for wear and damage. Do not use if damaged.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the press before use.
- Always check that the cartridge case is free from obstructions before inserting it into the die.
- Use only compatible cartridge cases as specified in the product details.
- Avoid using excessive force when operating the die to prevent damage or injury.
- Do not attempt to modify the die or its components.
- If you experience any issues during use, stop immediately and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in your reloading press using the lock nut provided.
- Ensure that the die is aligned properly for optimal performance.
- Attach the removable expander and primer ejector pin as instructed in the manual.

2. Usage:

- Insert the cartridge case into the die, ensuring it is seated properly.
- Operate the press to push the cartridge case into the die.
- The neck of the case will be calibrated from the inside as it is moved out of the die.
- Check the neck tension of the cartridge case after sizing to ensure it meets specifications.
- If necessary, replace worn spindles, the expander, or the ejector pin with minimal effort.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all materials are disposed of in an environmentally friendly manner.
- Do not throw away the die or any components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 6,5x57, please refer to the product manual or contact your retailer for assistance.

Thank you for following these safety guidelines. Your safety is our priority. Enjoy your reloading experience!
