

Full Length Die 1 1/4 - Full Length Die 6,5x65 RWS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 6,5x65 RWS

Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 6,5x65 RWS. This product is designed to help you size cartridge cases safely and efficiently. To ensure a safe and effective experience, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Inspect the die and all accessories before use for any signs of damage or wear.
- If you notice any defects or malfunctions, do not use the die and contact the manufacturer for assistance.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the press before use to prevent accidents.
- Do not exceed the recommended load limits while using the die.
- Avoid placing fingers or hands near the die while it is in operation.
- Use only compatible cartridge cases as specified by the manufacturer.
- Do not attempt to modify or disassemble the die beyond what is described in the manual.
- Follow all local laws and regulations related to reloading ammunition.

Instructions for Installation and Usage

1. Installation:

- Securely attach the die to the reloading press using the lock nut provided.
- Ensure that the die is aligned correctly with the press to avoid misalignment during operation.
- Check that the expander and ejector pin are properly installed and functional.

2. Usage:

- Place the cartridge case into the die and ensure it is seated properly.
- Operate the press to size the cartridge case. Ensure that the die is calibrated correctly by pushing the case fully into the die.
- After sizing, remove the cartridge case and inspect it for proper neck tension and overall integrity.
- If necessary, replace the expander and ejector pin as per the manufacturer's instructions.

3. Calibration:

- Calibration occurs automatically when the cartridge case is pushed into the die.
- Always check the neck tension of the case after calibration to ensure it meets specifications.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle materials when possible, following local recycling guidelines.

- Do not dispose of the die or its components in regular household waste.

Contact Information for Further Support

For any inquiries or assistance regarding the Full Length Die 1 1/4 Full Length Die 6,5x65 RWS, please consult the manufacturer's manual or website for further support.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the Full Length Die 1 1/4 Full Length Die 6,5x65 RWS. Always prioritize safety and compliance with regulations to protect yourself and others. Thank you for your attention to these important safety guidelines.
