

Full Length Die 1 1/4 - Full Length Die 6,5-284 Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 6,5284 Norma Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 6,5284 Norma. This guide provides important safety information and instructions to ensure safe and effective use of the die. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe use of the die by following all instructions.
- Be aware of potential hazards associated with reloading and using firearm components.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly check for product recalls or safety updates on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always inspect the die for any damage before use. Do not use if damaged.
- Use the die only for its intended purpose: sizing cartridge cases.
- Ensure the die is securely mounted in the press before use.
- Avoid placing hands or any body parts near the die during operation.
- Follow the manufacturer's instructions for calibration and adjustments to ensure proper operation.
- Do not attempt to modify the die or use it in a manner not specified in the manual.
- If you experience any issues during use, stop immediately and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is clean and free of debris.
- Securely mount the die into the press using the lock nut to ensure stability.
- Make sure the die is correctly aligned with the ram of the press.

2. Calibration:

- Insert the cartridge case into the die.
- Push the cartridge case into the die to calibrate the neck from the inside.
- Check the neck tension to ensure it meets specifications.

3. Using the Die:

- After calibration, proceed with sizing the cartridge case as per your reloading process.
- Replace the expander and ejector pin if necessary, following the manufacturer's guidelines for replacement.

4. PostUse:

- Clean the die after each use to maintain its condition.
- Store the die in a dry and secure location, away from children.

Disposal Instructions

- When the die reaches the end of its usable life, dispose of it responsibly.
- Check local regulations for proper disposal methods for metal and firearm components.
- Do not dispose of the die in regular household waste.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage of the Full Length Die 1 1/4 Full Length Die 6,5284 Norma, please refer to the manufacturer's website or contact their customer support.

Thank you for your attention to safety. Your responsible use of this product contributes to a safer reloading experience.
