

Full Length Die 1 1/4 - Full Length Die 300 Rem Ultra Mag.

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 300 Rem Ultra Mag Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 300 Rem Ultra Mag. This product is designed for resizing cartridge cases safely and effectively. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the die and its components before use.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling the die and ammunition components.
- Keep the die and its components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear. Do not use a damaged die.
- Follow all manufacturer instructions and guidelines provided in this manual.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from sharp edges or moving parts.
 - Risk of improper resizing leading to ammunition malfunction.
- **Avoiding Hazards:**
 - Use the die in a welllit and organized workspace.
 - Do not exceed the recommended operating pressure and limits.
 - Ensure that the die is securely mounted in the press before use.
 - Always check the cartridge case for cleanliness and integrity before inserting it into the die.
 - Never place your hands or any body parts near the die while it is in operation.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in your reloading press using the provided lock nut.
- Ensure that the die is aligned properly and does not wobble.
- Attach the expander and primer ejector pin as necessary, ensuring that they are seated correctly.

2. Usage:

- Start by inserting a clean cartridge case into the die.
- Slowly push the cartridge case into the die to begin the resizing process.
- Monitor the process to ensure that the neck of the case is calibrated correctly.
- After resizing, remove the cartridge case from the die carefully.
- Inspect the resized cartridge case for any signs of damage or improper sizing.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die or its components in regular household waste. Instead, seek out recycling programs or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any questions regarding the safety, usage, or maintenance of the Full Length Die 1 1/4 Full Length Die 300 Rem Ultra Mag, please refer to the manufacturer's manual or website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective experience with your Full Length Die. Always prioritize safety and compliance with regulations to protect yourself and others during the reloading process.
