

Full Length Die 1 1/4 - Full Length Die 8x75 RS

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 1 1/4 for your cartridge case sizing needs. This guide provides essential safety instructions and operational guidelines to ensure safe and effective use of the product. Please read this guide thoroughly before using the die.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Always wear appropriate safety gear, including safety glasses and gloves, when operating the die.
- Keep your workspace clean and organized to avoid accidents.
- Be aware of your surroundings and ensure that children and pets are kept at a safe distance while you are using the die.
- Regularly inspect the die for any signs of wear or damage. Do not use if damaged.

Specific Safety Precautions for Use

- **Hazard Identification:** The die may contain sharp edges and moving parts. Handle with care to avoid cuts or pinching injuries.
- **Calibration Safety:** Ensure that the cartridge case is properly positioned in the die during calibration to avoid misfires or damage.
- **Ejector Pin Caution:** When using the integrated primer ejector pin, ensure that your hands are clear of the ejector mechanism to prevent injury.
- **Replacement Parts:** Only use manufacturer-approved replacement parts for the expander and ejector pin. Using nonapproved parts may compromise safety and functionality.
- **Proper Storage:** Store the die in a dry, secure place when not in use to prevent accidental injury and damage.

Instructions for Installation and Usage

1. Installation:

- Securely attach the Full Length Die to your reloading press using the lock nut to ensure proper positioning.
- Check that the die is aligned correctly before use.

2. Usage:

- Insert the cartridge case into the die, ensuring it is fully seated.
- Operate the reloading press to push the cartridge case into the die for sizing.
- After sizing, carefully remove the cartridge case from the die.
- If necessary, replace the expander or ejector pin as per the manufacturer's instructions.

3. Calibration:

- Calibration occurs automatically when the cartridge case is pushed into the die.
- The neck of the case will be calibrated from the inside as it exits the die, ensuring proper neck tension.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs that accept metal components.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Full Length Die 1 1/4, please refer to the manufacturer's contact details provided in the product packaging or manual.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using the Full Length Die 1 1/4. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important safety measures.
