

## Full Length Die 1 1/4 - Full Length Die 338 Norma Mag

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 1 1/4 Full Length Die 338 Norma Mag Safety Instructions

## Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 338 Norma Mag. This guide provides important safety information to ensure the safe and effective use of this product. Please read this manual carefully before using the die and keep it for future reference.

## General Safety Guidelines

- Ensure the die is used only for its intended purpose.
- Inspect the die for any damage or wear before each use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.
- Keep the die out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Always ensure the die is securely installed in the press before use.
- Do not exceed the recommended load specifications for the cartridges being reloaded.
- Handle all components, including the expander and ejector pin, with care to avoid injury.
- If you notice any unusual noises or resistance while using the die, stop immediately and inspect it for issues.
- Avoid wearing loose clothing or jewelry that could become caught in the machinery.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the press is turned off and unplugged before installation.
- Remove any existing die from the press.
- Insert the Full Length Die into the press and secure it with the lock nut.
- Adjust the die to the desired height for proper cartridge sizing.

### 2. Usage

- Place a cartridge case into the die.
- Pull the press handle to push the cartridge case into the die.
- The neck of the case will be calibrated from the inside as it moves out of the die.
- After resizing, remove the cartridge case and inspect it for proper neck tension.

### 3. Postusage Care

- Clean the die after each use to remove any debris or residue.
- Store the die in a dry, safe place when not in use.

## Disposal Instructions

- Dispose of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste if it is damaged or no longer functional.
- Consider recycling options for metal components where available.

## Contact Information for Further Support

For any questions or concerns regarding the Full Length Die 1 1/4 Full Length Die 338 Norma Mag, please refer to the manufacturer's contact information provided in the product manual or packaging.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Full Length Die 1 1/4 Full Length Die 338 Norma Mag. Always prioritize safety and compliance with regulations to protect yourself and others while using this product.
