

Full Length Die 1 1/4 - Full Length Die 358 Win

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 358 Win Safety Instruction Guide

Introduction

Thank you for your purchase of the Full Length Die 1 1/4 Full Length Die 358 Win. This guide provides important safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this manual carefully before use and keep it for future reference.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always read and follow the manufacturer's instructions.
- Keep the die and all related components out of reach of children.
- Use the die only for its intended purpose.
- Inspect the die for damage before use. Do not use if damaged.
- Wear appropriate safety gear, including safety glasses, when using the die.
- Always work in a wellventilated area to avoid inhaling any dust or debris.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

When using the Full Length Die, please consider the following safety precautions:

- Ensure that the die is properly secured in the press before use.
- Use the die only with compatible cartridge cases.
- Avoid placing hands or any body parts near moving parts during operation.
- Do not exceed the recommended load limits for the die and press.
- Always calibrate the die according to the instructions provided to ensure proper functioning.
- If the die becomes jammed, turn off the press and carefully remove the die to inspect for obstructions.

Instructions for Installation and Usage

Follow these instructions for the safe installation and usage of the Full Length Die:

1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Remove any existing die from the press.
- Insert the Full Length Die into the press and secure it using the lock nut.
- Ensure the die is aligned correctly for optimal performance.
- Attach the removable expander and primer ejector pin if necessary.

2. Usage:

- Prepare the cartridge case by ensuring it is clean and free of obstructions.
- Insert the cartridge case into the die, ensuring it is pushed fully into the die.
- Operate the press to size the cartridge case. The neck will be calibrated during this process.
- Check the neck tension of the case to ensure it meets the required specifications.
- After use, remove the cartridge case from the die and inspect it for any signs of damage.

Disposal Instructions

When disposing of the Full Length Die or any components, please follow these guidelines:

- Dispose of the die and components in accordance with local regulations.
- Do not dispose of the die in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any further support or inquiries regarding the Full Length Die, please refer to the manufacturer's contact information provided with the product. You can also check for updates and safety notices on the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safe and effective experience with your Full Length Die 1 1/4 Full Length Die 358 Win. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
