

# Full Length Die 1 1/4 - Full Length Die 9,3x64 Br

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 1 1/4 Full Length Die 9,3x64 Br Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 9,3x64 Br. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before using the die to understand how to operate it safely and responsibly.

## General Safety Guidelines

- **Product Safety:** This die is designed for safe use in resizing cartridge cases. Follow all instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Check for updates regularly.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, consult the appropriate EU-based contact.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- Ensure that the die is securely mounted in the press before use.
- Do not exceed the manufacturer's recommended specifications for cartridge resizing.
- Avoid using the die if it appears damaged or worn. Inspect it regularly for signs of wear and tear.
- Keep hands and loose clothing away from moving parts during operation.
- Do not force the cartridge case into the die; if it does not fit, stop and inspect for issues.
- Use only the recommended components and accessories with this die to ensure safe operation.
- Follow all local regulations regarding the handling and resizing of ammunition components.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Gather all necessary tools and safety equipment.
2. **Mounting the Die:**
  - Securely attach the die to the press using the provided lock nut.
  - Ensure that the die is positioned correctly for optimal performance.
3. **Calibration:**
  - Insert the cartridge case into the die to calibrate.
  - The neck of the case will be calibrated from the inside as it is pushed out of the die.

### Usage

1. **Loading the Cartridge:**
  - Place the cartridge case into the die.
  - Ensure it is seated properly before proceeding.
2. **Resizing:**
  - Engage the press slowly and steadily.
  - Monitor the process to ensure the case is resizing correctly.
3. **Removing the Cartridge:**
  - Once the resizing is complete, carefully remove the cartridge case from the die.
  - Inspect the case for proper neck tension and overall integrity.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Check with local waste management authorities for proper disposal methods for metal and plastic components.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please consult the appropriate support channels as indicated on the packaging or documentation provided with the product.

By following these safety instructions, you can ensure a safe and effective experience with the Full Length Die 1 1/4 Full Length Die 9,3x64 Br. Always prioritize safety and adhere to the guidelines provided.
