

Full Length Die 1 1/4 - Full Length Die 45-70 Gov't

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 4570 Gov't Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 4570 Gov't. This safety instruction guide is designed to ensure the safe use and handling of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the die to maximize safety and performance.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose, which is to size cartridge cases.
- Always inspect the die for any damage or wear before use. Do not use if damaged.
- Keep the die out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the die.
- Ensure that your work area is welllit and free from obstructions.
- Use the die only with compatible cartridge cases as specified by the manufacturer.
- Do not exceed the recommended load limits when reloading ammunition.
- Keep hands and other body parts away from moving parts during operation.
- Be cautious of sharp edges and points on the die.
- Ensure that the die is securely mounted to the press before use.
- Do not attempt to modify or alter the die in any way.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Securely attach the Full Length Die to the press using the provided lock nut.
- Adjust the die position to ensure it is correctly aligned with the cartridge case.
- Tighten the lock nut to prevent any movement during operation.

2. Usage:

- Place the cartridge case into the shell holder of the press.
- Pull the handle to push the cartridge case into the die.
- Observe the calibration of the neck as the case is pushed into the die.
- After sizing, carefully remove the cartridge case from the die.
- Inspect the cartridge case for proper sizing and neck tension before proceeding with reloading.

Disposal Instructions

- Dispose of the die responsibly in accordance with local waste disposal regulations.
- If the die is damaged beyond repair, ensure it is recycled or disposed of in an environmentally friendly manner.
