

Full Length Die 1 1/4 - Full Length Die 470 NE

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 1 1/4 Full Length Die 470 NE

Safety Instructions

Introduction

Thank you for choosing the Full Length Die 1 1/4 Full Length Die 470 NE. This guide provides essential safety instructions to ensure the safe and effective use of the die. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the die by following all instructions provided in this manual.
- **Enhanced Recalls:** Be aware of standardized recall notices and remedies for any potentially dangerous products.
- **Online Shopping:** If purchased online, ensure the platform meets safety requirements.
- **Special Consumer Focus:** Extra caution should be taken when used by vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point for this product.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and gloves, when using the die.
- Ensure the die is compatible with your reloading press before use.
- Do not exceed the recommended cartridge specifications as indicated in the product manual.
- Regularly inspect the die for any signs of wear or damage before use.
- Keep the die and all accessories out of reach of children and pets.
- Do not modify the die or its components in any way that is not specified in the manual.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Carefully screw the Full Length Die 1 1/4 into the press until it is firmly in place.
- Use the lock nut to secure the die in the desired position.
- Check that the die is properly aligned with the press before proceeding.

2. Usage

- Insert the cartridge case into the die.
- Push the case into the die to calibrate the neck from the inside.
- Remove the case from the die after sizing.
- If necessary, replace the expander and ejector pin with minimal effort.
- Always follow the manufacturer's recommendations for calibration and adjustments.

Disposal Instructions

- Dispose of the die and any components in accordance with local regulations.
- Do not dispose of the die in general household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the Full Length Die 1 1/4 Full Length Die 470 NE, please refer to the designated EU contact point provided with your product packaging.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the Full Length Die 1 1/4 Full Length Die 470 NE. Thank you for your attention to safety!
