

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 7mm BR Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide precision and reliability when seating match bullets. To ensure your safety and the optimal performance of this product, please read and follow the safety guidelines and instructions outlined in this document.

## General Safety Guidelines

- Always use the BenchRest Neck Die in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and free of obstructions before using the die.
- Keep the die and all reloading components out of reach of children and vulnerable individuals.
- Inspect the die and related equipment regularly for wear and damage.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when handling reloading materials.
- Do not exceed the recommended load specifications for any cartridge.
- Be aware of the potential hazards associated with reloading, including exposure to lead and other chemicals.

## Specific Safety Precautions for Use

- Ensure the die is properly installed in the reloading press before use.
- Always verify that the cartridge case is free of obstructions before seating the bullet.
- Check the bullet for defects before use to ensure safety and performance.
- Maintain a steady hand and focus during the seating operation to avoid accidents.
- If you experience any unusual resistance while seating the bullet, stop immediately and inspect the setup.
- Do not attempt to modify or alter the die in any way, as this may compromise safety and performance.

## Instructions for Installation and Usage

### 1. Installation of the Die

- Securely attach the BenchRest Neck Die to your reloading press, ensuring it is tightened according to the manufacturer's specifications.
- Verify that the die is aligned with the press ram to ensure proper function.

### 2. Preparing for Use

- Clean the cartridge cases thoroughly before use to remove any debris or residue.
- Select the appropriate seater head for the bullet you are using. Refer to the manual for guidance on compatibility.

### 3. Seating the Bullet

- Place the prepared cartridge case in the die.
- Insert the bullet into the case mouth, ensuring it is properly aligned.
- Gradually apply pressure to the press handle to seat the bullet. Monitor for any irregularities during this process.

### 4. PostUse Care

- After use, clean the die and store it in a dry, secure location.

- Regularly check for wear and replace any components as necessary.

## **Disposal Instructions**

- Dispose of any spent cartridge cases and reloading materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of reloading materials and equipment.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the product manual or contact your local distributor. Always keep your receipt and any warranty information for future reference.

By following these guidelines, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety and for choosing our product.
