

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 7mm Rem Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets while ensuring safety during use. Please read this safety instruction guide carefully to ensure safe and effective operation of the product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the work area is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment, such as safety glasses and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRest Neck Die for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the BenchRest Neck Die is compatible with the specific cartridge and bullet you are using.
- Do not exceed the recommended pressure limits when reloading ammunition.
- Always use the appropriate tools and accessories when operating the die.
- Avoid using the die for purposes other than its intended use.
- Do not modify the die or its components in any way.
- Be aware of the potential hazards associated with reloading, including the handling of gunpowder and primers.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Clean the threads of the BenchRest Neck Die before installation.
- Screw the die into the reloading press until it is snug, but do not overtighten.
- Adjust the die according to the manufacturer's instructions for your specific cartridge.

### 2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die and ensure it is seated correctly.
- Place the bullet into the case mouth, ensuring it is aligned properly.
- Operate the reloading press to seat the bullet into the case.
- Check for bullet runout and concentricity after seating. Adjust as necessary using the appropriate seater head.
- After use, clean the die to remove any residue or debris.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact your local recycling center for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die, please refer to the product manual or contact the manufacturer directly. Ensure that you have the product information available when seeking assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your BenchRest Neck Die 1 1/4. Always prioritize safety and compliance with applicable regulations. Thank you for your attention to these important guidelines.
