

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 7mm WSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance and safety during use. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Be aware of the potential hazards associated with reloading and take necessary precautions.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the BenchRest Neck Die is compatible with your specific cartridge type.
- Inspect the die for any damage or wear before each use.
- Do not exceed the recommended load specifications.
- Use the die only for its intended purpose; do not modify or alter it in any way.
- Keep fingers and hands clear of moving parts during operation.
- Store the die in a safe and secure location when not in use.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Clean the die and the press threads to ensure proper installation.
- Screw the BenchRest Neck Die into the reloading press until it is snug. Do not overtighten.
- Adjust the die to the desired position for your specific reloading needs.

2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Slowly operate the reloading press handle to seat the bullet.
- Monitor the seating process to ensure proper alignment and concentricity.
- After use, carefully remove the cartridge case from the die.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of reloading materials in regular waste; follow hazardous waste disposal guidelines.
- Keep all packaging materials and product components out of reach of children.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's manual or contact customer support through the provided channels. Always ensure you have the product's details handy when seeking assistance.

By following these safety instructions, you can enjoy a safe and successful reloading experience with the BenchRest Neck Die. Thank you for prioritizing safety in your reloading practices.
