

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 300 Pegasus

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance and safety. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose.
- Always follow the manufacturer's instructions and recommendations for use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRest Neck Die for any signs of damage or wear before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Stay updated on product recalls and safety notices via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always work in a wellventilated area when reloading ammunition.
- Ensure that the work surface is stable and free from clutter to prevent accidents.
- Do not exceed the recommended load specifications when using the BenchRest Neck Die.
- Use only compatible bullet types and sizes as specified in the product manual.
- Be cautious of sharp edges and moving parts while operating the die.
- Avoid distractions while reloading to maintain focus and accuracy.
- Store the BenchRest Neck Die in a safe place when not in use, preferably in a protective case.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is compatible with the BenchRest Neck Die.
- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth for your specific cartridge case.

2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Slowly and steadily apply pressure to the press handle to seat the bullet.
- Monitor the bullet runout during the process to ensure concentricity.
- After seating, remove the cartridge case and inspect it for proper seating and alignment.
- If necessary, adjust the seater head for improved concentricity based on the bullet type used.

Disposal Instructions

- Dispose of any unused or damaged components of the BenchRest Neck Die in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or additional support regarding the BenchRest Neck Die, please refer to the manufacturer's contact resources provided in the product manual.
