Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Seater with Crimp 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to provide reliable performance in seating bullets with precision. To ensure your safety and the effective use of this product, please read and understand the following safety instructions and guidelines.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure the work area is clean and free from distractions when using the Seater with Crimp.
- Use the product only for its intended purpose, which is seating bullets with or without crimping.
- When replacing the seaterhead, ensure it is securely attached before use.
- Avoid overtightening the seaterhead, as this may cause damage.
- Do not exceed the recommended cartridge specifications when using the product.
- Follow proper storage guidelines to prevent environmental damage or deterioration of the product.

Instructions for Installation and Usage

1. Installation of the Seater with Crimp:

- Ensure that the reloading press is turned off and unplugged before installation.
- Securely attach the Seater with Crimp to the reloading press according to the manufacturer's instructions.
- Check that the thread (1 1/4) fits properly with the press.

2. Using the Seater with Crimp:

- Select the appropriate seaterhead based on the bullet type you are using.
- Insert the bullet into the cartridge case and position it under the seaterhead.
- Engage the reloading press to seat the bullet.
- If crimping is desired, adjust the crimp settings according to your specifications.
- Carefully inspect the seated bullet for proper alignment and crimping.

3. PostUsage Care:

- After use, clean the Seater with Crimp to remove any residue or debris.
- Store the product in a dry, protected location to prevent damage.

Disposal Instructions

- Dispose of the Seater with Crimp in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

- Consider recycling options where available.

Contact Information for Further Support

For any inquiries or support regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's contact information provided in the product manual or packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using the Seater with Crimp 1 1/4.
