Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to provide you with an efficient and reliable method for seating bullets in cartridge cases. To ensure your safety and the proper use of this product, please read this guide carefully. It contains important information regarding safety guidelines, usage instructions, and disposal.

General Safety Guidelines

- Always use the Seater with Crimp in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free from obstructions to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE), such as safety glasses and gloves, when operating this product.
- Regularly check the product for wear and tear, and do not use if damaged.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the bullet seating operation is performed in a wellventilated area.
- Avoid wearing loose clothing or jewelry that could become caught in machinery.
- Do not exceed the recommended bullet weight and type for the Seater with Crimp.
- Be cautious of hot surfaces during and after use, as they may cause burns.
- Always ensure that the cartridge case is properly positioned in the seater before operation.
- Do not attempt to modify or repair the product yourself; seek professional assistance.

Instructions for Installation and Usage

Installation

1. **Prepare the Workspace:** Ensure that your workspace is clean and organized.
2. **Select the Seater Head:** Choose the appropriate seater head based on the bullet type you are using. Refer to the manual for guidance on compatibility.
3. **Attach the Seater Head:** Securely attach the selected seater head to the main body of the seater. Ensure it is fastened properly to avoid any accidents during use.

Usage

1. **Prepare Cartridge Cases:** Inspect cartridge cases for any defects or damage. Only use cases that are in good condition.
2. **Insert Bullet:** Place the bullet into the cartridge case.
3. **Position Cartridge Case:** Insert the cartridge case into the seater, ensuring it is aligned correctly.
4. **Operate the Seater:** Apply steady pressure to the seater handle to seat the bullet into the cartridge case. If crimping is desired, follow the additional steps to crimp the mouth of the cartridge case.
5. **Inspect the Finished Cartridge:** After seating, check the cartridge to ensure that the bullet is seated to the correct depth and that the crimp is applied evenly (if used).
6. **Clean Up:** After use, clean the seater and workspace to maintain safety and efficiency.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.

- Recycle packaging materials where possible.
- Do not dispose of the product in household waste. Follow local electronic waste disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's manual or contact the authorized dealer from whom you purchased the product. It is important to have the product information at hand for assistance.

By following these guidelines, you can ensure the safe and effective use of your Seater with Crimp 1 1/4. Thank you for your attention to safety!
