

Seater with Crimp 1 1/4 - Seater with Crimp 7mm Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Seater with Crimp 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This guide provides essential safety instructions and information for the safe use and maintenance of your bullet seater. Please read this guide carefully to ensure safe operation and compliance with EU safety regulations.

General Safety Guidelines

- Always use the Seater with Crimp in accordance with the manufacturer's instructions to prevent accidents.
- Ensure that the workspace is clean and organized to avoid distractions while using the product.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only the recommended types of bullets with the seater to ensure optimal performance and safety.
- Ensure that the seaterhead is securely attached before use to prevent it from coming loose during operation.
- Avoid wearing loose clothing or jewelry that could get caught in the equipment while using the seater.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the seater.
- Be cautious of hot surfaces during and after use, as parts of the seater may become heated.

Instructions for Installation and Usage

1. Installation:

- Ensure that the workspace is clean and free of clutter.
- Securely attach the seater to a stable surface or reloading bench.
- Select the appropriate seaterhead for the bullet you will be using and attach it firmly to the seater body.

2. Using the Seater:

- Insert the cartridge case into the seater.
- Position the bullet in the case mouth, ensuring it is aligned properly.
- Pull the handle smoothly to seat the bullet. If crimping is desired, follow the specific instructions for crimping.
- Inspect the seated bullet for proper alignment and depth before proceeding with further processing.

3. PostUse:

- Clean the seater after each use to remove any debris or residue.
- Store the seater in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or wornout parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or

hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's manual or contact the relevant support services. Ensure you have the product details and any specific issues ready for assistance.

Conclusion

Following these safety instructions will help ensure that you use the Seater with Crimp 1 1/4 safely and effectively. Always prioritize safety and reach out for support if needed. Thank you for your attention to these guidelines.
