Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Attributes

- Name: [Seater with Crimp 300 Pegasus](#)
- Manufacturer: [TRIEBEL](#)

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4 from Pegasus. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the Seater.

## General Safety Guidelines

- Ensure that the Seater is used only for its intended purpose as described in the product manual.
- Always handle the Seater with care to prevent any injuries.
- Keep the Seater out of reach of children and vulnerable individuals.
- Regularly inspect the Seater for any signs of damage or wear. Do not use if damaged.
- Follow all local regulations and guidelines regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the Seater.
- Ensure that the work area is clean and free from obstructions to avoid accidents.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Always ensure that the bullet and cartridge case are compatible with the Seater.
- Be cautious when replacing the seaterhead; ensure it is securely attached before use.
- Do not attempt to modify or repair the Seater unless authorized by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation of the Seater:

- Ensure that the reloading press is compatible with the Seater.
- Securely mount the Seater onto the reloading press according to the manufacturer's instructions.
- Verify that the seaterhead is properly installed and tightened.

### 2. Using the Seater:

- Select the appropriate seaterhead based on the bullet type to improve accuracy and concentricity.
- Insert the cartridge case into the reloading press and ensure it is properly positioned.
- Place the bullet into the cartridge case.
- If crimping is desired, adjust the Seater to the desired crimp level.
- Operate the reloading press to seat the bullet into the cartridge case.
- Check the completed cartridge for proper seating and crimping.

### 3. PostUse Care:

- Clean the Seater after each use to prevent buildup of debris.
- Store the Seater in a dry and safe location when not in use.

## Disposal Instructions

- Dispose of the Seater responsibly at the end of its life cycle.
- Follow local regulations regarding the disposal of metal and plastic components.

- Do not dispose of the Seater in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's website or contact their customer service for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Seater with Crimp 1 1/4. Always prioritize safety and adhere to the recommendations provided in this guide. Thank you for your attention to safety while using this product.
