Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4 Seater with Crimp 300 Rem Ultra Mag

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4 Seater with Crimp 300 Rem Ultra Mag. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide thoroughly before use to understand the safety precautions and proper handling procedures.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.
- In case of any doubts or questions regarding the product, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Make sure the workspace is clean and free from any distractions or hazards.
- Do not exceed the recommended load specifications for the bullets being seated.
- Ensure that the bullet is correctly aligned before seating to avoid misfires or damage.
- Be aware of the potential for lead exposure. Wash hands thoroughly after handling bullets or reloading components.

## Instructions for Installation and Usage

### 1. Installation

- Ensure you have the correct seaterhead compatible with the bullet type you are using.
- Secure the seaterhead in the press according to the manufacturer's instructions.
- Adjust the seating depth according to your specifications.

### 2. Usage

- Place the cartridge case in the press.
- Insert the bullet into the cartridge case.
- Activate the press to seat the bullet. Ensure the bullet is seated to the desired depth.
- If crimping is required, adjust the crimp setting and activate the press again to crimp the mouth of the cartridge case.
- Inspect the finished cartridge for proper seating and crimping.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of metal parts in regular household waste. Check with local recycling centers for proper disposal methods.
- Ensure that all hazardous materials, such as spent primers and excess powder, are disposed of safely.

## **Contact Information for Further Support**

For any inquiries or support regarding the Seater with Crimp 1 1/4 Seater with Crimp 300 Rem Ultra Mag, please contact your local distributor or manufacturer. They can provide further assistance and guidance on product safety and usage.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective experience with the Seater with Crimp 1 1/4 Seater with Crimp 300 Rem Ultra Mag. Always prioritize safety and consult the manual for any specific questions regarding operation and maintenance. Thank you for your attention to these important safety guidelines.
