

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 5,6x61 S.E.v.H.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 5,6x61 S.E.v.H. This product is designed to provide the highest precision in seating match bullets while ensuring user safety. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for the safe use of the BenchRestSeater.
- Use the product only for its intended purpose. Improper use can lead to accidents or injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and free of obstructions before using the BenchRestSeater.
- Always wear appropriate safety gear, such as safety glasses, when using the product.
- Be mindful of the bullet runout and ensure proper alignment during the seating operation to avoid misfires.
- Use the correct seater head for the bullet being used to enhance concentricity and improve safety.
- Do not attempt to modify or alter the BenchRestSeater in any way.
- Follow all local laws and regulations regarding the use of reloading equipment.

Instructions for Installation and Usage

1. Setup:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.

2. Loading the Cartridge:

- Insert the cartridge case into the guide sleeve.
- Ensure that the cartridge case is seated correctly to avoid misalignment.

3. Seating the Bullet:

- Select the appropriate seater head based on the bullet type you are using.
- Carefully place the bullet into the cartridge case.
- Slowly and steadily lower the seater head to seat the bullet.
- Check for proper seating and concentricity before proceeding.

4. PostUse:

- After use, clean the BenchRestSeater to prevent residue buildup.
- Store the product in a safe and dry location.

Disposal Instructions

- Dispose of any damaged or worn components of the BenchRestSeater in accordance with local

regulations.

- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's manual or contact your local distributor for assistance. Always ensure that you have the latest information on product recalls or safety updates.

By adhering to these safety instructions and guidelines, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for prioritizing safety while using our product.
