

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 6,5x64 Brenneke

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 6.5x64 Brenneke. This product is designed to ensure the highest precision in seating match bullets, providing you with reliable performance. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the work area clean and welllit to avoid accidents.
- Store the BenchRestSeater in a dry and secure location, out of reach of children.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- If you notice any defects, do not use the product and contact the manufacturer for assistance.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions when using the BenchRestSeater.
- Ensure that the cartridge case is properly aligned in the seating operation to avoid misfires or accidents.
- Avoid using excessive force during the seating operation; this can lead to equipment failure or personal injury.
- Do not attempt to modify or repair the BenchRestSeater yourself. Contact a qualified technician for any necessary repairs.
- Be mindful of the surrounding environment and ensure that no flammable materials are nearby when using the product.
- If you are inexperienced or unsure about how to use the BenchRestSeater, seek guidance from a knowledgeable individual or professional.

Instructions for Installation and Usage

1. Installation

- Place the BenchRestSeater on a stable surface to ensure it does not move during use.
- Attach the appropriate seater head for the bullet you are using. Ensure it is securely fastened.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.

2. Usage

- Insert the cartridge case into the guide sleeve.
- Position the bullet in the seater head.
- Slowly and steadily push down on the seater head to seat the bullet into the cartridge case.
- Monitor the process to ensure that both the cartridge case and bullet are properly aligned.
- After use, clean the BenchRestSeater to remove any debris or residue.

Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations regarding electronic and mechanical waste.
- If the product is damaged beyond repair, ensure that it is disposed of safely to prevent any harm to the environment.
- Remove any nonrecyclable components and dispose of them separately.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the BenchRestSeater, please refer to the contact information provided in the product manual or packaging. Ensure that you have the product details at hand when seeking assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater. Always prioritize safety and do not hesitate to seek assistance if needed. Enjoy your precision reloading experience!
