

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 6,5x68

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 6,5x68. This product is designed to provide you with the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always ensure that the BenchRestSeater is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the product for any damage before use. Do not use if damaged.
- Use the product only for its intended purpose to avoid any risks or hazards.
- Be aware of your surroundings while using the BenchRestSeater to avoid distractions that could lead to accidents.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure proper ventilation in your workspace when using the BenchRestSeater.
- Wear appropriate safety gear, such as safety glasses and gloves, to protect yourself during operation.
- Avoid wearing loose clothing or jewelry that could get caught in the mechanism.
- Do not exceed the recommended torque specifications during installation.
- Always check that the seaterhead is securely attached before use.
- Be cautious when handling bullets and cartridges to prevent accidental discharge.
- Follow all local laws and regulations regarding the handling and storage of ammunition.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work surface is stable and clean.
- Attach the BenchRestSeater to your reloading press according to the manufacturer's specifications.
- Select the appropriate seaterhead for the bullet you are using.
- Securely fasten the seaterhead to the BenchRestSeater.

### 2. Usage:

- Place the cartridge case into the seating position.
- Insert the bullet into the case, ensuring it is properly aligned.
- Slowly and steadily operate the reloading press to seat the bullet.
- Monitor the process to maintain proper axial guidance and concentricity.
- After seating, inspect the cartridge for any irregularities.

### 3. PostUsage:

- Clean the BenchRestSeater after use to maintain its functionality.
- Store the product in a dry and safe location.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste.

- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and usage of the BenchRestSeater, please consult your local retailer or manufacturer. Ensure that you have the product details ready for a more efficient support experience.

Please follow these guidelines to ensure a safe and effective experience with your BenchRestSeater. Your safety is our priority.
