

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 and 7mm PRC Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 7mm PRC. This product is designed for precision seating of match bullets, ensuring the highest level of accuracy in your reloading process. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the BenchRestSeater.
- Ensure that the workspace is clean and welllit to avoid accidents.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and tear before use.
- Use only the recommended accessories and spare parts.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Ensure that the seaterhead is securely attached before beginning the seating operation.
- Do not exceed the recommended thread specifications when attaching the product to your reloading setup.
- Handle all components with care to avoid injury.
- Avoid distractions while using the BenchRestSeater to maintain focus.
- If you are inexperienced, seek guidance from a knowledgeable individual before using the product.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading bench is stable and secure.
- Attach the BenchRestSeater to the reloading bench using the 1 1/4 thread.
- Check that the seaterhead is properly installed and tightened.

### 2. Usage

- Select the appropriate seaterhead based on the bullet you are using.
- Place the cartridge case in the guide sleeve, ensuring it is seated correctly.
- Insert the bullet into the seaterhead and lower it into the cartridge case.
- Apply steady pressure to seat the bullet, ensuring it is aligned properly.
- Remove the seated cartridge and inspect for concentricity.
- Repeat the process for additional cartridges as needed.

## Disposal Instructions

- Dispose of the BenchRestSeater and any accessories in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's manual or contact the manufacturer's support team for assistance.

By adhering to these safety instructions, you will ensure a safe and effective experience with your BenchRestSeater. Thank you for your attention to these important guidelines.
