

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7mm Rem Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and 7mm Rem Mag. This guide provides essential safety instructions and usage guidelines to ensure safe operation and optimal performance of your product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose of seating match bullets.
- Always follow the manufacturer's instructions for assembly, usage, and maintenance.
- Keep the product and all related accessories out of reach of children and vulnerable individuals.
- Regularly inspect the seater for wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the BenchRestSeater in a wellventilated area to avoid inhalation of any potentially harmful substances.
- Wear appropriate safety gear, including eye protection, when operating the seater.
- Ensure that your workspace is clean and organized to prevent accidents.
- Do not exceed the recommended specifications for bullet types and sizes.
- Always check the compatibility of the seaterhead with the bullets you are using to avoid misalignment.

## Instructions for Installation and Usage

### 1. Assembly:

- Carefully unpack the BenchRestSeater and inspect all components.
- Attach the guide sleeve to the seaterhead securely.
- Ensure that the seaterhead is properly aligned and locked into place.

### 2. Seating Bullets:

- Place the cartridge case into the guide sleeve, ensuring it is seated correctly.
- Insert the bullet into the cartridge case.
- Slowly and evenly apply pressure to the seaterhead to seat the bullet.
- Check for proper bullet alignment and concentricity after seating.

### 3. Maintenance:

- Clean the seater after each use to remove any debris or residues.
- Inspect the seaterhead regularly for signs of wear and replace if necessary.
- Store the BenchRestSeater in a dry, cool place when not in use.

## Disposal Instructions

- Dispose of the BenchRestSeater and any accessories in accordance with local regulations.
- Do not dispose of the product in general household waste. Check for local recycling options or designated disposal sites for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's contact information provided in the product packaging or manual.

By following the guidelines in this safety instruction guide, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for choosing our product, and we wish you successful and precise bullet seating.
